...a passion for service

...a passion for learning

President's Annual Report: 2009-2010

A Letter from the President *live your passion*

Dear Alumni and Friends:

At Bluefield College we believe passion makes life worth living. And, whether it's a passion for faith, a passion for service, a passion for learning, a passion for competition, or simply a passion for life, students at Bluefield College are exploring, finding, nurturing, and living their passion.

As you scan the pages of this annual report, you will see how our students made a difference in the lives of people in Central America, thanks to their passion for service. You will read about the fulfillment of lifelong dreams that are a result of our inSpire students' passion for learning.

This annual report also will share news of our passion for teaching that brought national recognition to the Teacher Education Program. It will reveal our passion for community, displayed in the celebration of the opening of a new residence hall and our passion for competition, demonstrated through the reinstatement of intercollegiate football.

All these accomplishments – the finding, the nurturing and the living of passions – would not have been possible without your generosity. That's why this report, above all, is about you, our alumni and friends, because hearts, minds and lives are being transformed on this campus as a result of your passion to give.

We are grateful for your faithful commitment to Bluefield College and to the students whose lives we touch.

In faithful service,

David W. Olive
